Church News February - March 2020

## Rector's Ramblings

Dear Friends,

I know my date of birth, and somewhere I have a Certificate to prove it. If I were to ask you yours, then there is every possibility I expect that you too would know it, and probably you would know exactly where your birth certificate is to be found! and know when your birthday is.

With buildings it is not always quite so easy. We may know that the Maids Head in Stalham High Street was built around 1380, but what of the other ancient building in the High Street, the Church? We know that before the present building on the present site there must have been another, because the first recorded Rector of Stalham we have is Gotcelinus de Stalham and that was in 1149. Our present Church building was built in 1420 and the Rector at that time was William Coupere de Watton. Which means, of course, that 2020 is the 600th anniversary of Saint Mary's, the Parish Church of Stalham.

So we want to have a commemoration year, our only difficulty is we don't know the official date of the birthday of the Church building. We aim to mark the event nonetheless and further information will be available in due course. Like any good birthday there will be a celebration and we will thank God for all those who have worshipped and ministered in our Church throughout the generations.

The fact it is still here is a testament in itself to those who have lovingly cared for it throughout the years. It is also a testament of the Christian faith and has been a real presence in the lives of the men, women and children of Stalham, both in war and in peace, and in good times and in bad for the last 600 years, and of course continues to be so.

So our celebration will also be a Thanksgiving to God who has in his Son watched over us, guided us and kept us, not just for 600 years but since the beginning, and who is with us always.

Every Blessing, *Simon*

HELP!! We need a new deliverer for the Church News to cover the Stalham Green area. If you could help, please contact Emma on 580250. Many thanks to Pat who has delivered this round for some years now.

On December 6th our dear friend the Reverend David Jackson (DJ) was called Home aged 66. David had been ill for some time and had not been engaged in active Ministry in our parishes for the last year. He retired as Rector of Harleston near Diss and moved to Sutton six years ago. Before that David had been the Rector of Taverham for eight years and prior to that had served Curacies in Northampton and Ely.

David was a Lancashire lad and never lost his roots although he had lost his accent, perhaps due to the fluent French he spoke and had taught at Gravesend School as a younger man. Many are grateful to him for his twenty or so years of ministry. David was a real character and those who knew him will certainly never forget him!

We had a wonderful service of Thanksgiving to God for David's life on 23rd December which was attended by very many of his friends and former parishioners and a good representation from the parishes here, as well as by the Bishop of Thetford and Archdeacon of Norfolk. David was then laid to rest in a simple ceremony by the Church at Sutton attended by his family and myself. God bless you DJ - may you rest in peace and rise in glory. SPL

## Volunteer Boost Project

Did you know that **Volunteering** can be local, flexible and fit around your life?

Community Action Norfolk (CAN) are working in partnership with Merchant's Place Volunteer Hub on a project to boost the numbers of volunteers that get involved with local community projects in North Norfolk and Broadland, particularly the CAN Connect Project and Good Neighbour Schemes.

We want to let people know about the positive impact of volunteering, not only on the people who are helped, but also on those people who volunteer. In fact, volunteers can;

Feel Good - Enjoy Helping - Meet New People - Have Purpose - Build Skills - Change Their Life - Feel Connected - Make Things Better - Be Part of Something - Add to Their CV - Feel Relevant - Help in a Way that Works for Them - Build Their Work Experience - Put Something Back - Make Someone's Day - Do a Little Thing That Helps a Lot...

Ideas for Volunteering in North Norfolk include;

Helping support people who may be lonely or isolated to find and get involved in activities in their community through **CAN Connect** (types of help include giving advice, coaching, getting people involved in local activities such as clubs or groups, taking people out for a coffee and chat)

Help people who need practical help or befriending support in your local area through **Good Neighbour Schemes** (types of help include taking a neighbour's dog for a walk if they can't, popping in for a tea and chat, changing a lightbulb for them, giving them a lift to a hospital appointment, taking them to do a weekly shop or mowing a lawn).

A meeting to look at developing a Good Neighbour Scheme in Stalham is being held at Stalham Academy at 6.30pm on Wednesday 29th January - all are welcome to attend - or look out for details afterwards.

Contact North Norfolk Volunteer Hub at Merchant's Place on 01263 519454 or by email [volhub@merchantsplace.co.uk](mailto:volhub@merchantsplace.co.uk) for a chat to see what volunteering options would work for you.
